To whom it may concern

Letter of recommendation for Arevik Dumikian

Arevik Dumikian has worked for JSR Genetics Ltd for the last 12 months in her role as assistant to our Ukrainian Sales Agent.  
Her role has been as an interpreter and translator for the English, Russian and Ukrainian languages.

My position and qualifications for writing this letter are as International Sales Director of JSR Genetics Ltd, an international pig genetics company.  
For the last six years I have worked the overseas market and used the services of translators and interpreters in many countries of the world.

The service that Arevik has provided to JSR Genetics Ltd and myself has been first class.

She is more than an ordinary translator/interpreter when working with you she is like a Personal Assistant and takes care of all necessary arrangements, you always feel like you are in good hands.

Her knowledge of Russian, Ukrainian and English are excellent and she is very willing to learn the technical words of our pig business.

She can translate documents and has excellent computer knowledge and skills.

She has been my interpreter in many successful business meetings and also interprets for our staff on technical support visits.

She has a very positive attitude to her work and always meets the deadlines she is set.

Arevik has been very active working between the supply chain staff, the Ukrainian veterinary dept and customs when shipments from the UK have been exported to the Ukraine.

She is intelligent, a pleasure to work with, hard working, 100% committed to the work that she is given and always delivers the results on time.

I am pleased to have Arevik working on our team.

Please do not hesitate to contact me if you wish to discuss any of the above points.

Yours sincerely

Paul Anderson  
International Sales Director
